STAT72000 – Probability and Statistics

Course Project, 26W Sec1

This is a group project:

- *Max 4 students per group, please enroll your group in the system*
- *Submit the <u>proposal</u> to the **'Assignments -> Project Proposal'***
- *Sumit <u>final report</u> to the **'Assignments -> Project Report'***
- *Project will be evaluated over 'proposal writing', 'presentation', and 'project report'. In total the marks will take **25%** of course final grade, details are:*
    - *Proposal Writing (5%)*
    - *Presentation (5%)*
    - *Final Report (15%)*

1. **Proposal Writing:**
    - Presentation slides of **5-10 pages**
    - Submission to the eConestoga project folder '***Project Proposal'***
    - **Due on Feb 21st, 11:59pm Saturday**
    - The title page should include project title and the names and IDs of all group members
    - The rest of the proposal is expected to illustrate:
        - Motivation and importance
        - Background and data sources
        - Outline project objectives
        - List key references
    - The filename follows the convention as: **<Group#>-<STAT72000-Proposal_title>.pptx**
    - The proposal writing will be marked to all group members (**12 marks, 5% of grade**):
        - Motivation and importance (2')
        - Background and data sources (3')
        - Outline project objectives and plan (3')
        - References (2')
        - Format and Professionalism (2')

2. **Present Proposal:**
    - Presentation day: **Feb 24th, Tuesday, class time (5:00pm-7:00pm)**
    - The presentation order will be announced before the day.
    - Each group presenting time is limited to **7mins**, plus **3mins** Q/A time.
    - All group members are expected to participate the presentation and Q/A
    - The presentation will be marked **10 points, worth 5% of course final grade**, with criteria:
        i. Presentation quality (4', assign to all members of the group)
        ii. Response to questions (4', assign to all members of the group)
        iii. Quality of questions on others presentation (2', assign to individuals who ask the question)
        iv. Student who does not participate the presentation will receive 0 mark on presentation.

3. Project Final Report:

- Due on **April 12th**, 11:59pm.
- The final project report will be marked **15%** of course final grade
- Further details will be announced after the Student Success Week
